Comprehensive Plan Committee Meeting

Monday, February 10, 2014

City Hall, Council Chambers

6:30 pm

Minutes of 2/10/14 meeting

### **1) Welcome and Introductions**

- Chad Sands, AICP, Community Development Director, ECICOG
- Approve minutes of last meeting
- Approve tonight's agenda

*Meeting opened at 6:32. The committee approved the minutes of the January meeting.*

### **2) Current Planning Efforts / Current Plan Review**

- Fringe-area agreement update

*Sands updated the committee on the fringe-area agreement status. Sands met with Linn County and had discussions with the City of Lisbon City Administrator. The plan is to wait until the comprehensive plan is complete before entering into the agreement with the County and Lisbon. Much of the "planning" will be done during the comprehensive plan process so once that's adopted, the fringe-area agreement should be a relatively simple process.*

### **3) Sub-Committee Discussion**

- Draft plan chapter format
- Sub-committee schedule (upcoming meetings, taking pictures)
- Survey discussion

*The committee discussed the outcomes of the sub-committees research. Sands presented a draft format for the sub-committee's use. Everyone felt that was fine and will be used in the creation of the plan. In addition, Siders will be auditing the 1995 plan to see which goals and policies have been acted on and which have had no action. This information will be used by each sub-committee in drafting their report.*

*The survey for additional public input was discussed and the committee felt it was best at this point in the process to utilize another forum once the draft plan was finished. This way the maps and policies created by the committee can be shown to the public for comment. The input gathered at this point will be used to finalize the plan at the committee level prior to sending it to the P&Z for a public hearing.*

### **4) Sub-Committee Reports**

*All six sub-committees presented a report on their first few meetings.*

### **5) Next Meeting Topics**

- Sub-Committee reports

*The next committee meeting will include new reports from each sub-committee.*
