

At the March 17, 2014 meeting Council member Niemi asked that the minutes of March 3, 2014 not be approved.

The reason for this was during the New Business segment of the agenda resident, Stan Crocker, asked that the Open Forum be revisited. Permission was granted.

Mr. Crocker made his presentation. Mayor Moore adjourned the meeting.

Jim Williams then asked if he could speak, to which permission was granted but because the meeting had already been adjourned Mr. Williams comments are not part of the recorded minutes.

The minutes stand as written.

Respectfully submitted
