What experiences or abilities do you feel qualify you for this appointment?

I believe any public service demands commitment, preparedness, open mindedness, and the ability to recognize when decisions should be made by others.

As a professional Architect, I understand that decisions often need to be made for the greater good and well-being of the community. As a current Univ. of Iowa MBA student, I am open minded and motivated to learn. As an Eagle Scout, I have learned to appreciate the importance and responsibility of local government. Finally, as a committed citizen, I look forward to helping support Mount Vernon's delicate balance of building opportunities while also maintaining its unique and historic character.

For these reasons, I believe I would be a valuable member of the Commission.

Thank you for the opportunity to submit interest.
