Dear Honorary Mayor Moore and Honorary Council Members,

Last spring you approved the City to purchase four new basketball hoops for Washington Elementary School to help improve the Elementary PE programs and the City of Mount Vernon Park and Rec programs. These hoops will be used by youth in the community and will allow both programs to be efficient and effective in all they do.

Before ordering, Aaron Truitt and I discovered that in order for installation to occur additional hardware would need to be purchased. We did not want to come back to the City for the additional funds, so we reached out to other community groups for funds. We discovered that WETAP at the Elementary School could have some funds available, but they would not be available until after the start of the school year.

On October 6<sup>th</sup> Aaron and I presented to WETAP the need for funds and were generously awarded \$1,500 from WETAP. Since we did not spend the money allocated by the City in fiscal 2014 we are asking if we may have funds allocated in this current fiscal year to complete the transaction. Please find the amount of ask from the City has not changed. It remains at \$4,396.

Thank you for your time and consideration.

Respectfully submitted,

Matt Siders  
Director of Parks and Recreation
