

Mount
Vernon
IOWA

Michael Beimer, City Administrator
Mark Winder, Chief of Police

Jim Moore, Mayor

Council:

Jamie Hampton
Marianne Taylor
Francesca Thompson
Bill Niemi
Eric Roudabush

March 30, 2015

Mayor and Council,

Included is a copy of the server quote we received from Iowa Solutions to replace our current unit. This quote includes the migration of our RMS (records management system) to the new server as well as our other applications and networking.

This item has been budgeted for during this budget year.

Thank you,
Mark Winder
Chief Winder

Proposal For:
Mount Vernon Police Dept.
213 First St West
Mount Vernon IA 52314

Server - 2015

One Time Items	Price	Qty	Extended
1 Travel	\$30.00	2	\$60.00
2 Microsoft Licenses	\$1,188.00	1	\$1,188.00
Windows Server 2012 R2 (64-bit) \$900 Windows CAL (Client Access License) \$288 = (Qty. 8 x \$36)			
3 SQL Server 2012 License	\$900.00	2	\$1,800.00
Two SQL Server 2012 Licenses - Required per two processor cores.			
4 ESX VMWare 5.5 Server	\$759.00	1	\$759.00
Linux Operating System that virtual server will run on. \$759.00 Linux Operating System that the virtual server will run on. This is called server virtualization and provides hardware independence in the event of a disaster. Recovery time is greatly improved and is required for any BDR type service.			
5 Dell PowerEdge Series Server	\$7,650.00	1	\$7,650.00
DUAL - Intel Xeon 6C Processor, 32 GB of RAM, 2 - 600GB SAS 15K hard drive mirror OS, 16TB data drive space in RAID 5, redundant power supplies, and a three year Next Business Day warranty.			
4X the current DATA Storage. The life cycle of servers are typically 5 years. At the end of the 3YR warranty we'll upgrade the warranty to 5 YR's and plan on a new server replacement at the end of the life cycle.			
6 Server Migration	\$1,500.00	1	\$1,500.00
Install new Server, move over associated DATA Files.			
*SLEUTH will migrate the Sleuth software and data to server and update workstations. Cost is \$900 with quote provided by Sleuth.			
7 Server Installation	\$800.00	1	\$800.00
Install and configure ESX software. Install new 2012 R2 server, promote to Domain Controller and configure DNS, DHCP, and all other server roles currently on 2003 Server.			

8 Backup & Disaster Recovery - Setup

Install NAS on network, configure BDR service to one of the Iowa Solutions' Datacenters for nightly backup

\$1,000.00 1 \$1,000.00

One Time Items: \$14,757.00

Sales Tax: \$0.00

Combined Total: \$14,757.00
