---

Mayor and Council,

I am requesting the approval to purchase a second solar powered electronic speed sign to be placed west of the 10<sup>th</sup> Avenue roundabout as vehicles are approaching the roundabout east bound on Hwy 30.

After our discussion with staff from the Iowa DOT they were receptive to the placement of an electronic sign as a way to confirm speed leading into the 10<sup>th</sup> Avenue roundabout.

I contacted the vendor and they provided a quote in the amount of \$4,170. This is what we paid for our first speed sign earlier this year.

I believe this will get the attention of those exceeding the posted speed limit and will slow traffic as they enter the roundabout.

Thank you!

Sincerely,  
  
Mark Winder  
Chief of Police

Quotation

# OnSite™ 75 Solar

Pole Mounted Speed Sign

## Solar Powered Speed Sign

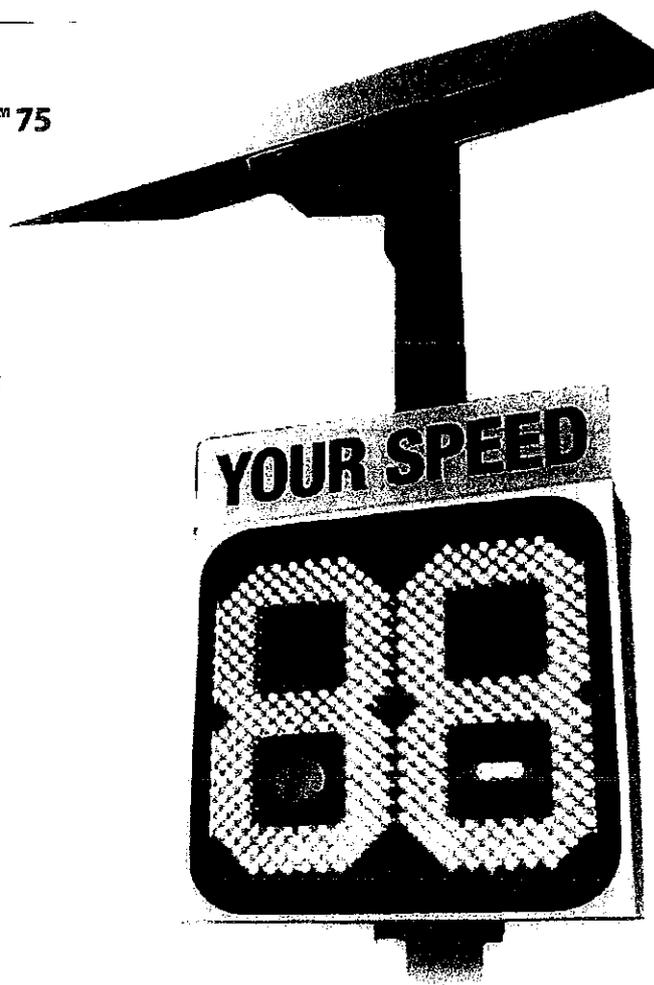

The OnSite™ 75 Solar is a light weight, easy to install, pole mounted speed sign. It is battery powered (12 volt Solar), and is charged by a single 55 watt solar panel for continuous use in full sun applications.

### Extend Operations with the OnSite™ 75

- 55 Watt solar panel
- Patrol Power distribution system
- Lightweight aluminum construction
- SI-3™ radar
- 18-inch LED digits visible from 1,000 feet
- Pole mounted
- Supplied mounting hardware
- "Your Speed" sign
- KPH or MPH capable

### Optional

- EZ Stat logger for speed data collection
